Objective:

A dedicated professional with nearly 1.5 years of experience in market operations at KKR. With a solid foundation in finance, evidenced by an internship at KKR and over 50 certifications including 5 diplomas from Kubicle in analytics, my goal is to apply and expand my analytical skills in a finance-related role. Eager to contribute to a team that values innovation and data-driven decision-making, I am looking to earn my Chartered Financial Analyst (CFA) qualification. Long-term, I aspire to further my education with a master's degree in data analysis, blending real-world experience with academic pursuits.
